

1 U.S. Gallon

DIRECTIONS FOR USE

For pesticides, herbicides or liquid fertilizers use 6 oz. to 10 oz. per acre. For aerial applications or low volume spraying use 6 oz. per acre.

MIXING

Perform a compatibility test for all chemicals used in a separate container prior to mixing. First add water to tank, then add chemicals following manufacturer instruction and allow to mix with agitator for 3 to 5 minutes. Add Agri-SC Surfactant last.

CAUTION: Do not mix with chemicals that are known to be injurious to the seedlings before emergence.

CAUTION
Keep out of
reach of children

WARRANTY AND LIMITATION OF DAMAGE

SELLER warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and BUYER assumes the risk of any use contrary to such directions. SELLER makes no other express or implied warranty, including any other express or implied warranty of FITNESS or of MERCHANTABILITY and no agent of SELLER is authorized to do so except in writing with a specific reference to this warranty. In no event shall SELLER'S liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

INGREDIENTS

Active Ingredients:

Ammonium laureth sulfate 48%

Inert Ingredients: 52%

Contains ISOPROPANOL; listed Hazardous by OSHA 29 CFR 1910.1200, Subpart Z
